Junior Prom

On the cool night of March 21st, hairdos were getting their final touches, bow ties were being straightened and limos were arriving. The Junior Class slowly made its way to the elegant Chez Josef in Agawam, Massachusetts. Here, they would partake in the long tradition of the Junior Prom. Everyone waited in the lobby upon arriving. They said their "hellos", showed off their elegant evening wear, and told each other how nice they looked. For most, this was a new experience and they were anxious for the night to begin. The doors opened to the exquisite ballroom, decorated in gold and black, and each couple made their way to the table that awaited them. Music was already playing as everyone took their seats for a delicious meal. The party really got going after meals were finished.

Laughter and dancing filled the room as each person made this a memorable evening. The night flew by more quickly than they imagined. Before they knew it, limos were returning and no one could help but keep the smiles on their faces, left by the memories they had just created. The music of Kelly Clarkson and Sir Mixalot was heard. The theme song of the prom, Frank Sinatra's The Way You Look Tonight, along with many others were still ringing in their ears as they made their way outside. While trying to keep dry, hugs were given and good-bye's were said. They watched as this grand restaurant they had just shared and this great experience, shrank away into the distance. This was their Junior prom, their night, their lives, and they took part in it together, making it a wonderful occasion for all to enjoy.

Four years ago, the class of 2004 walked through the doors of Enfield High School for the first time. None of them knew the impact this school would have upon them. Scared and excited, they started a journey that would lead them through many life experiences: their first real relationships, many friends found and lost, classes with teachers that have changed their education and perhaps their lives.

Now, we see them as they walk through these hallways, smiling and laughing, and know that their

time here is coming to an end. Soon the bell will ring on the last day of school, and they will be the ones to take that long walk down the hill. We cannot help but wonder what these new explorers have in store. Some will become doctors, teachers, scientists, lawyers, entrepreneurs, and so many other careers available to them. They will soon start the next chapter of their young lives. This journey also promises to be filled with even more wonderful experiences. Good luck Class of 2004. You have come so far.

Ms. Schmitt

The Little Red Ball of Fire

By Rosaria Trichilo

There are some people you meet in life who make you feel different as soon as you walk into a room. Ms. Erica Schmitt was one of those people. Last year, when Ms. Schmitt first came to EHS to teach Latin, she quickly won the love of her students and co-workers. She was a smart, spunky and vibrant person who had such a passion for her job. Many remember the way she would walk into our fifth period class and eagerly ask why we were grumbling about being hungry when we could be using that energy to learn.

As the year went on, this little red-headed woman dedicated her whole self to her students. To many she was a mentor, role model and friend who always put her students first. If you needed to talk she would always be there, after she helped you with your Latin grammar, of course! My dad would always call her a "little red ball of fire," because her love for life was infectious to students, teachers and even parents.

When she died on November 1st at the age of 26, it seemed as if that fire had gone out. But in reality, by just having known her, some of her fire had spread to you. Now the most important thing is to remember all that Ms. Schmitt did for us, because we wouldn't be the same without her. After she died, a friend of hers told me, "You can always be a worthy student of Erica if you do this (not entirely simple) one thing. Learn what is really in your heart, and when you know what is there, make it real!"

EHS Homecoming

Enfield High's 2003 Homecoming was one to remember. The dance was just the beginning of this fun filled weekend. Students showed amazing school spirit during the parade by decorating cars and building class floats. Again, the 2004 class DOMINATED the float contest. The football team led us to an amazing victory over Plainville.

2003 Pep Rally...

The Enfield High Pep Rally was one to remember this year. It was filled with tons of surprises. Everyone enjoyed watching Mr. Wanzer and Mr. Barnes thinking they were funny and Nick Dugan making his surprise speech. We all thought it was great watching Jesse Marrow cheating in basketball and Rueben Andio giving his crazy cheer! Everyone got involved whether it was dancing, playing music, cheering, or decorating.

"A real friend is one who walks in when the rest of the world walks out."

A friend is someone who accepts you during your best and worst moments. The inside jokes and finishing each others sentences is one of the strongest bonds you will ever have. Ask anyone and they will say high school would have been hard to get through without their friends by their side. No matter how you are feeling, things seem to always get better when you are in the company of the people who care. Everyone does it, flocks to their group,

Friends Forever and Always...

the people with the same interests and those who make you laugh. The friendships you form will carry on throughout your life.

"Freindship is the only cement that will hold the world together."
Woodrow Wilson

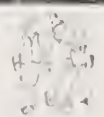

"My best friend is the one who brings out the best in me."
Edward Everett Hale

"Be slow to fall into friendship; but when thou art in, continue firm and constant."
Socrates

Sisterly, Brotherly Love...

Sister. Brother. Sibling. Friend. Since you were very young your sibling was someone you could love. There was always a person to talk to, and play games with on rainy days. They shared your thoughts and secrets, and always helped you when you really needed it. Sure, there were the inevitable fights, but when isn't there?

A sibling is someone that shares your history. They are the only ones who know how you grew up and what it was like living in your home. Every family is different. What could be more special than always having someone to talk to about your past, your present, and your future. Having a brother or sister is priceless. Nothing matches the bond of a sibling.

An Experience To Remember!!!

"A very special year..."

Hey everybody, we are the exchange students of 2004. Before we came we were very excited about living a whole year in the USA.

During this year, we made a lot of friends, met different and very nice people and we learned a lot about the American culture.

We loved to do "American things" such as go to the football games, the homecoming dance, prom, Halloween, thanksgiving...

These were new experiences for the both of us. We went to a lot of cool places like New York City, Boston, Plymouth, Maine, New Jersey, Block Island, Myrtle Beach...

We also improved a lot on our English. It was an amazing year for us and we hope to come back someday to visit everybody.

Connecticut-Spain Partnership

Una ex
enriquecedor

A nuestros amigos en España: gracias para todo, os echamos mucho de menos, nunca os olvidaremos.

For three weeks in October 2003, Enfield High School was given the very special opportunity to host twenty exchange students from Valladolid, Spain. The Spanish students lived in the homes of American students and attended regular classes at Enfield High. Even after their first day of school in America, they made an obvious impact on the Enfield High student body; all you heard as you walked through the hall was discussion about the students or incidents that happened in the classrooms. Not only did the students participate in classroom activities, but some also got involved with sports. A few of the boys joined in at soccer practice, and many of the Spanish

students cheered for our athletes at various games, including football and volleyball.

The three weeks that the Spanish students were here were filled with fiestas and trips to historical sights. Outside of the school day, or on weekends, Spain and Enfield High Students took excursions to the State Capitol, Mark Twain House, Sturbridge Village, Boston, and Plymouth. The host families also arranged, get together, birthday parties, and numerous outings. They shared their language, food, music, and culture, and we shared ours in return.

The entire experience will always be remembered for the significant impact it had on our learning about the Spanish language and culture.

Thought You Were Cool Then...

...We're Even Cooler Now!

Greater Hartford Academy of the Arts...

You wake up in the morning at 5:45 a.m. The snooze button becomes your friend as you groan with exhaustion, left from the previous day. Finally, after waking up and getting ready, you make your way to the bus stop and wait for that long trip to Enfield High for another tiresome day. The classes pass slowly. Creeping by, just waiting for that clock to hit noon. Why noon? Noon is freedom. You are a student at the Greater Hartford Academy of the Arts. Four days a week you are bussed down to Hartford, along with a group of other students. When students arrive they can head to the Student Commons for lunch, or hang with friends, walking around campus. Walking past "Monkey Man", a large abstract statue put in place in 2001, you head to class for 1:00. The rest of the day is filled with classes that you enjoy. You have first period, your major class in either Creative Writing, Music, Theatre, Visual Art, or Film & Television. Second period is another class within your major, like Music Theory. The final period of the day is an elective. Your day of school ends at 4:15 and you make your way back to the bus waiting outside. Walt greets you as you take your seat for the long ride home, hoping to catch some sleep before you have to get back to work on your studies. Concerts, Share days, shows, showcases, and everything in between fills your year as you become a more accepting, well-rounded individual. This is Academy. It is a lot of work, but a lot of fun.

2003

Enfield High School, as all EHS drivers know, has had some problems with parking this year. Freshman and Sophomores did not really have much to say on the parking situation, but as far as the upper-classman, problems arose. Seniors felt as though they had lost their senior privileges as Juniors felt that they were discriminated against. Administration tried hard to accommodate everyone's needs, but it was very difficult with so much construction going on.

"As a Senior, in order to get a decent parking space, you have to get to EHS by 7:10 and even then it is cutting it close."

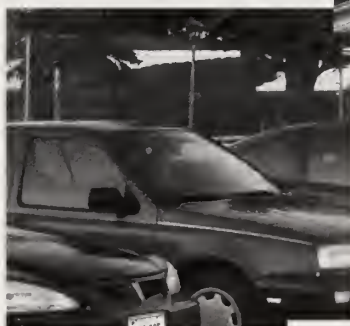

"I live like four minutes from Enfield High and I have to leave a half-hour before school starts."

Driving Among EHS Students

"As a senior I don't feel that I need to have the added stress of getting to school early enough to park my car!"

"Just because I am a Junior, I have to park at the bottom of the hill. Is that really fair?"

"I think parking should be like any other public place, on a first come first serve basis!"

"I have to pay twenty dollars for a parking pass when I'm not even guaranteed a space!"

Reading and Writing Classes

The Enfield High School English Department is probably the most unique group of classes and teachers that EHS has ever had. Whether it is Mrs. Gray constantly pushing students to excel in Critical Writing, or Mr. Cunha's classroom music in Writing and the Media, students were always entertained. Who could forget Mrs. Goddard's Individual and Society classes? Reading a book about the death penalty or creating a utopia based on Brave New World is always a challenge. Outside of school Mrs.

Simmons takes her time to put together the Poetry Coffee House, which is always be a big hit. Mr. McMahon is also assistant on the Literary Magazine.

No matter what level of reading and writing the student is on there is a class to provide the appropriate level of difficulty for everyone. Whether you take Critical Writing, Searching and Writing, Writing and the Media, Writing to Analyze and Persuade, Contemporary Authors, Survey of British Literature, or UCONN English, you are guaranteed to learn.

Back In Time

Global Issues, East Meets West, World History, World Civilization, U.S. History, Psychology, Sociology, Philosophy, Genocide, Civics

The Enfield High School History Department is a filled with a bunch of unique teachers. Mr. Crane is known for his "Top of the mornin' to ya", "stay the course", or "a thousand points of light." Every one of his students look forward to taking part in his exciting farm day. Every student walks down the second floor hall admiring the photos from all over the world. Dr. Taylor spends countless hours taking the pictures he shares with all his students. Mr. DeFilipi, also known as Mr. Democracy, debuted his new CD this year, highlighting historic events. He also performed along with Mr. Crane

at the annual Big E. The history department offers students a wide variety to choose from. There are classes that teach about historic Russia, to classes that delve deep into the human mind. Mrs. Anyzeski's psychology classes visited a guest speaker with multiple personality disorder. Among various activities that students enjoy in their history classes are the Nazi Germany and French Revolution simulations in World Civilization class and the Congressional debates of civics class. Whether you are learning about the Civil War or the Bill of Rights, the history department will take you back in time.

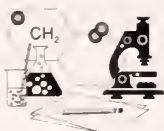

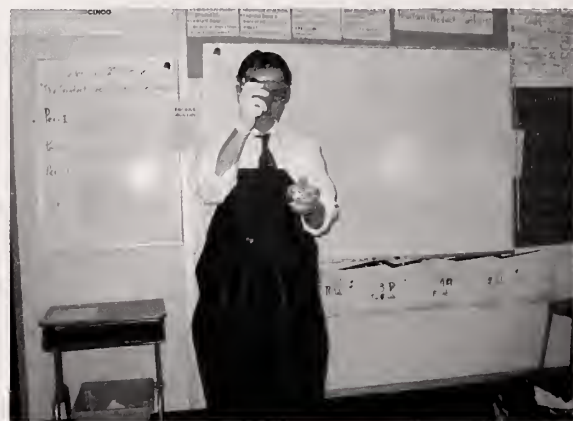

Mixing It Up...

General Science, Earth Science, Biology,
Chemistry, Physics, Anatomy

The science department of Enfield High School keeps pace with this ever changing world. The department offers its students a basic understanding of the current science concepts that are valuable. The department allows students to explore ideas and theories. The students, through labs, classwork and field studies are able to seek the truth and at the same time satisfy their own curiosities. The curriculum includes General Science, Biology, Earth Science, Chemistry, and Physics.

The department also offers Advanced Placement Chemistry and Physics. These courses offer a deeper, more challenging program. Whether it is learning about life on Mars, cloning animals or finding a cure for cancer the Enfield High School Science Department knows how essential science is in our everyday lives. The department helps students investigate the problems of today and also look into the challenges of the future.

Strength In Numbers....

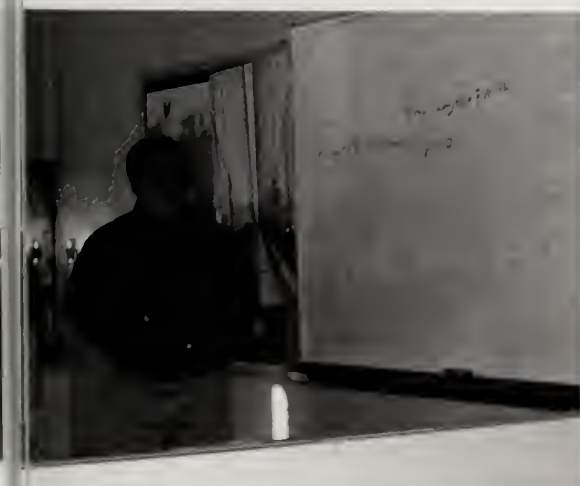

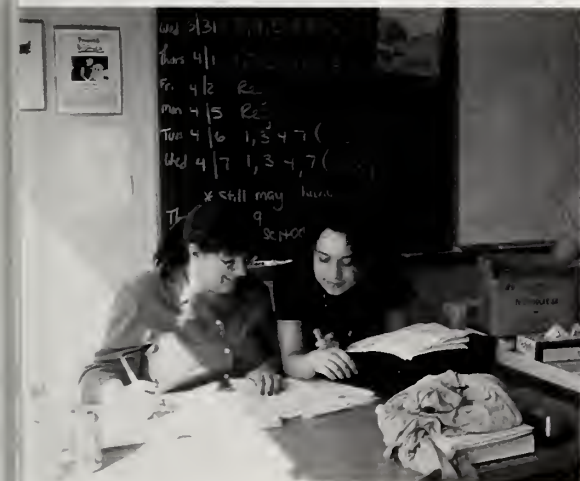

Algebra, Geometry, Calculus

The Enfield High Math Department is a diverse group of teachers that each convey their mathematical knowledge onto every student in the school. You can not go through a day without hearing Mr. Rossi's voice or seeing Mr. Scheck in the hallways. Mr. Austin brings his own unique method of teaching to the classroom. From his jokes to his wooden tie, he keeps kids actively participating in math. Mrs. Ellis, Mrs. Ceniglio and Ms. Pelky both encourage their students to get involved with their community. They ran a food drive that was very successful as well as "Pennies for Patients." Not only is

Mrs. Ceniglio always trying to get her students involved in charity, she is also trying to get them excited about math. Mrs. Ceniglio is known for heading a lot of different projects at school, from the dunk tank last year to the "Caps for Chemo."

This year the math department is also participating in "Pi Day". How many decimals of pi can you memorize?

The department would not be the same without any one of the teachers. They each bring their own knowledge to the table. They are here to teach each student the joys of math.

World Affairs

Spanish, French, and Latin

The Foreign Language Department is kicking it up a notch this year. The goals of the department are to bring the culture and language of other countries here to Enfield High. The department believes that making the languages of Latin, French, and Spanish available to our students is something that is necessary to help in the development of well-rounded individuals.

This year we had Spanish exchange students come from Valladolid, Spain,

and EHS sent 17 students to visit their country. Thanks goes to Ms. Dalpe and Miss O'Neill for getting our school involved with the Connecticut-Spain Partnership.

Also, next April vacation, 2005 Ms. Thompson will be taking a group of French students to France. All in all, this department is always doing something interesting. Whether is celebrating Mardi Gras or El Día de los Muertos, or cooking new types of food, you will always have a good time, and work hard, of course.

Planning Ahead

Interior Design, Foods 1&2, Peer Educations,

The Enfield High Family Living Department focuses on giving students advice on how to successfully plan their futures. Mrs. Fitzgerald and Mrs. Jergens gives each student the resources and information he or she will need to survive when out of high school.

Each class is filled with different opportunities for students to explore many options.

The Foods II class was visited by a

professional chef.

They were given the opportunity to watch and experience what it is like to be in the culinary field.

The Interior Design classes were able to visit Ethan Allen, an upscale furniture store, to spark their creative imaginations. Almost every student who takes a Family Living course would say they left with a better understanding of responsibilities in the adult world.

Hard Hitting... 2003 Raiders

The Enfield High Raider Football Team has had the best year yet. With a final record of 10-1 the Raiders were the first team in EHS history to attend states. Despite Ledyard's defeat, the Raiders played amazing. An outstanding win on Thanksgiving against cross-town rival Fermi was just enough to get everyone talking about the Enfield High Football team. With an incredible defensive line, and the ability to run and throw the ball, the Raiders had it all. The team was led by captains Rueben Andino, Jack Griffen and Mike Anagnostou along with fourteen other seniors.

Achieving Goals....

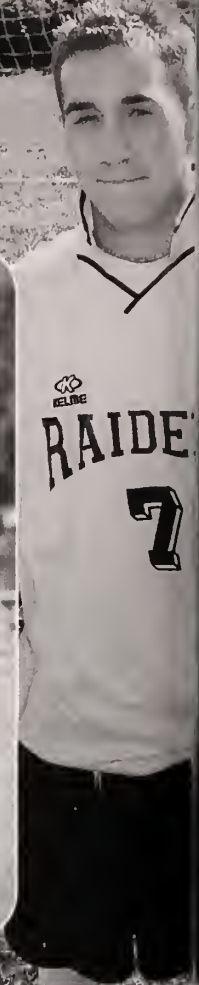

The Enfield High Boys' Varsity Soccer Team had big expectations this season but things did not go as well as they thought. The team finished the season 6-9-1 with two wins at the end of the season between Somers and East Windsor. This was the first time in past three years that the team did not make States. Congratulations to Ricky Coope for making All Conference and good luck to all the seniors.

Kicking It Up...

The Enfield High Raider Girls' Varsity Soccer team had a season filled with improvement, ending with a final record of 3-10-3. Although not many games were won the team showed great growth and progress. One memorable game was when they held Avon until the last five minutes of the game. In this game Allison Barker was injured and taken off the field. The team will graduate four seniors who will be missed dearly. They have been with the team for four years, good luck to Allison Barker, Ashley Kaufman, Hali Miller and Jennifer Smith. Next year will bring more progress to a great group of girls who work well together.

Sticking Together...

That is just what this year's 2003 Raider Field Hockey Team did. The team's annual trip to Maine in the beginning of the season was an excellent way to start off the year. The team was led by eight seniors: Angela Cafarelli, Paula Grout, Brenna DaSilva, Nicole Thorogood, Kia Bologna, Meaghan Linehan, Jessica Zaine, and Sarah Dynia. Congratulations to all the girls on an excellent season. Thanks Mrs. B! Good luck next season!

Setting the Standards....

This season, the team was led by captains Alison Kubinski and Sam Niziolek. Alison Kubinski was selected for the NCCC all conference team for the past two years. The captains, as well as Coach Rob Barnes and assistant Coach Jen Ellis, kept their spirits up and helped the team to play their best. Their hard work paid off when the team beat Fermi at the Senior Night game, 3-1. It was definately a SENIOR DOMINATION! Good luck to next year's girls and congratulations to Alison Kubinski, Ashlie Ouellette, Vanessa Ciaffaglione, Verina Fries, Sam Niziolek, Becky Jones, Leanne Jones, and Vivian Schneider for an all around great season!

Making A Splash...

Over the past three years the Enfield/Somers Girls' Swim Team has seen a lot of changes, including two coach replacements and the threat of losing the pool. As a result, the team got off to a slow start this season, but the girls pulled together in the end. They finally beat Fermi by two points! This was the first win in about a decade due to the hard work and dedication of the team and coach, Janet Fitzsimons. The team ended the season with a record of 2-9. The swim team was led by captains Kristen Fontaine (Enfield), Kate Parvenski, Danielle Rivard, and Melissa Blain (Somers).

Brittany Bollella broke the record for the 1000, and most are in standing position. Hoping for a successful season, they continue to improve and work past their potential.

2003 Enfield High Dance Team

The dance team has had a wonderful year. They practiced three days a week, and "wowed the crowd" at the boys' basketball games. The team consisted of twenty one girls including five graduating seniors: Melissa Camidge, Shannon Rooney, Paula Grout, Alysia Rivera, and captain Brenna DaSilva. They intend to go to a competition later in the year.

Bouncing Forward...

After beginning the season with a shakey start, the Enfield High Boys' Varsity Basketball Team rallied to make the season one to remember. With the help from Matt Luneau, Patrick Jubrey, Jack Griffin, Jiquan Williams, and all conference player Malakie Berry, the Raiders finished with a strong season. The team was also given a shot at the conference and state tournaments. However, the Raiders feel short in the semi-finals to the conference champions Tolland.

Senior night this year was one of the most memorable games in EHS history. Five seniors were honored for their hardwork and dedication to the team. The real action came that night during the game, when Enfield High took the #8 ranked team in the state, East Catholic, to a suspenseful double overtime. The outcome of the game didn't turn out to favor the Raiders, but showed the potential and dedication each and ever player exhibited.

Shoot for the Stars....

The Enfield High School Girls' Basketball Team had a very successful season. The team was led by senior captains Allison Barker and Nicole Patterson along with junior Beth Pion. They finished seventh in the NCAA with a final record of 9-13. A highlight of the season was when Beth Pion hit a 3 pointer to put the EHS vs. Fermi game into overtime. Then in the overtime, Allison Barker hit a half court shot with time running out to WIN! This is just one example from a season filled with great games and lots of memories. Good Luck to all the seniors and to next year's team.

Hitting the Ice...

The Enfield High School Varsity Ice Hockey Team had an exceptional season, overcoming all expectations by making states, Conference, and the win over the league. The team also had an amazing victory over East Catholic taking home the NHC Championship Cup when Shawn Grady scored against Greenwich in overtime. The teams consisted of five seniors: Shawn Grady, Kevin Ragon, Brian Russo, Nick Ivanoff, and Jonathan Plizska. The team is looking for another amazing season next year. The team would also like to thank their Coach John McGlynn for an unforgettable year.

That is just what these girls did. By starting in sunny Florida, the team got a jump start on their great season. All the girls felt that the team had great unity, and it definitely showed on the field. Although the team lost early on in States, they were still happy that they finished second in their regular season. Kyleen Klement received All-Conference, along with Allison Barker who also received All-State. The team graduated two seniors, Alicia Cafarelli and Liz Mullin. They will be greatly missed. Homerun Hitters....

The Enfield High Varsity Baseball Team had an outstanding season last year, winning its second NCCC Championship in the last three years. Freddy Medina and Steven Hanjack were All-State, and Mike Dalenta was All-Conference. Jon Bard pitched a no-hitter vs. New Britain, then helped take the Raiders to the third round of the state tournament before losing to Fovan. Defensive standouts Paul Bedard, Karl Gates and Jeremy Kauffman also helped guide the Raiders to become one of the most successful baseball teams in the history of EHS.

Right on Track...

The Girls' Track Team had a great season this year. The team had many members reach personal bests, as well as break records. The team could not match to other teams in numbers, but most had the commitment and spirit to make it an enjoyable experience. You may have watched Carolyn Agresta and Judi Dague get the mile, or Rachel Harding pace the two-mile. Maybe you saw Karen Christofferson and Nadia Sadhu hurdle past you. Karen and Jen Smith may have made the winning long jump, vaulting the 5 feet. You also saw Julie Cappa and Brittany Collins competing. As you looked across the lanes of the track you could see Leanne Jones heaving her weapon of choice: the javelin. Perhaps you ventured over to the throwing circle to see Emma Cimino push that shotput through the air. Maybe you witnessed the spectacle of the discus thrown by Caitlyn Semanie. Our 4x400 and 4X800 team was made up of Kelly McCormick, Alicia Lewis, Maureen Mazzone, and Anni-Marie Seppanen. Did one of them speed past you, passing their metallic baton off? Whether you witnessed these events or not, it was something to remember. Girls' Track lost four members after graduation; Karen Christofferson, Nadia Sadhu, Kelly McCormick, and Jen McMullen. We have many younger members that will continue to grow and strive next year. We hope for a successful and exciting upcoming season.

The 2003 Enfield High School Boys' Varsity Volleyball Team had a very successful and outstanding season. The team was lead by three Seniors: Phil Campbell, Tom Cross, and Gary Lebreys. Fight To A Standstill...

The Enfield High Wrestling Team has had its fair share of disappointing and exciting moments this season. The team was plagued with forfeits that had a devastating effect on the team record, but this did not accurately represent the season. The team had many gifted wrestlers that rose to the occasion and made a success of the season. Kris Segars, Patrick LaMondia, Sam Gauvine, Johnny Moran, and Shawn Sidway all had extremely successful seasons and led the team to victory.

"We measure our team by quality not quantity, when you go into a match and you have already lost because of forfeits it's a little dishearten, but we made the best of it. It's hard to be discouraged when everyone is putting their best forth." -Pat LaMondia

Teeing It Up...

The 2003 Golf season was a successful rebuilding year for the Enfield Raiders. After losing five talented seniors from the previous season, Enfield's coach, Bob Lengyl, assembled a team of four promising sophomores and a rotating senior class. The season ended with a solid record just above 500. The Raiders plan to be one of the dominant teams in their league in the upcoming 2004 season.

The Distributive Education Clubs of America is a business club based on vocational understanding, civic consciousness, social intelligence, and leadership development. These are all qualities that our 53 members possess. Our Chapter competes in the State Competition and this year attended the North Atlantic Region Conference (NARCON) in Philadelphia on November 14, 2003. We learned leadership, creativity, and dedication. Along with its business affiliation, DECA has continuously been sponsoring less fortunate families around the Thanksgiving season, providing food and other necessities. This year, along with previous ones, has been a success. At Christmas we wrote Christmas cards to the residents at Blair Manor and then supporting our troops with Valentines and selling Shamrocks for MDA.

2004 Yearbook

By now you have probably seen most of the book and hopefully you are impressed. Many, many hours and help from a small group of people assisted in making one of the best yearbooks Enfield High has ever seen. Very few decided to stick around and contribute, but those who did each gave their unique touch. I have dedicated the better part of my senior year to this yearbook and am very proud to show it off. Along with the help of Nicole Thorogood, we developed some memorable pages. I will always remember second period and the possessed printer that caused so many delays and the deadlines we somehow made. I would like to mention the yearbook staff, without Caitlyn Semanie, Kyleen Klement, Ryan Loftus, CJ Forse, Mark Mullin, and Renee Kenyan the book would not be the same. Also, the biggest thanks goes to our advisor Ms. Darin. We could not imagine doing this without her. I want everyone to remember that the yearbook does not make itself. A ton of work and dedication goes into it. We created this book for you and we hope you enjoy it!

Your editor,
Jessica Finnie

Jessica Finnie and Nicole Thorogood spent their many, many, many hours around this computer to make this 2003-04 yearbook happen.

VOICES INC....

The Voices Incorporated program is a combined chorus group made up of classes from both Fermi and Enfield High directed by Mr. John S. Giofriddo. Everyday, students spend one period studying music and singing until their hearts are content. Then, once a week, on Thursday, all students meet in the Enfield High School Auditorium, where they join together, and for two hours, sing songs of the season and songs from the past.

Three concerts fill the year. The Winter Concert, Spring Concert, and of course, the annual, spectacular, March show. People come from all over to see Voices Inc. in action. This year, they will dazzle us with the mysterious music of Phantom of the Opera, and rockin' sounds of Jesus Christ Superstar. This is going to be a great year for Voices, with so much talent, new and returning. We look forward to many more wonderful years.

LAMPLIGHTERS

The EHS Lamplighter's fall production of "Curtain Going Up" by Gregory Johnston was a lot of fun for everyone involved. The drama club members were all glad it was such a success. This year the thespians put on two one-act shows in the winter ("Cruise Into Murder" and "The Sleeping Beauty", both by Eileen Moushey) as well as the Lamplighter's spring production. The thespians also took a two-day trip to New York to see the play "Wicked" and the opera "Queen of Hearts." The club would like to thank Mr. Senior for being their director and making drama club possible.

For the seniors in the club, this was their last chance to be a part of all this. Although these members are very sad to be leaving, they will have many great memories to take with them.

Helpers, friends, teachers and athletes come together to form a bond of friendship and fun. Competitions are available in volleyball and indoor soccer. No matter what you played you had a part on the Unified Sports Team.

UNIFIED SPORTS...

PEER MEDIATION...

The Enfield High School Peer Mediation consisted of a group of students who went out of their way to help their peers when needed. It allowed students a second chance when disciplinary actions came into play. This year the Peer Mediators had a very successful year.

Members: Brian Russo, Jonathan Pliszka, Megan Thomson, Earle Harmon, William (Bill) Hastings, Jessica Hughes, Erika Kaselouskas, Ashley Lytwyn, Erin Lytwyn, Ryan Skukowski, Stephen Vaghini, Kyle Hicks and Caitlin Comer.

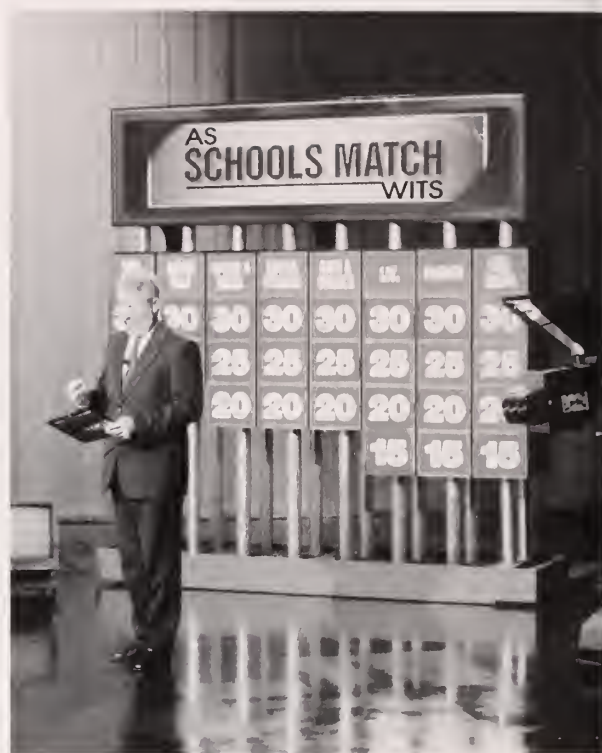

The Model United Nations Club experienced another successful year. Representing the Islamic Republic of Iran, U.N. club members visited the United Nations and met with representatives from the Iranian Mission in November. The year culminated for us in January at the Model United Nations Assembly held at the University of Hartford, where we debated international issues with students from other high schools throughout the state.

Co-advisors: Mr. Sean Patrick Crane and Mr. Chad Ellis

AS SCHOOLS MATCH WITS...

The 2003-2004 Enfield High As Schools Match Wits team included Peter Breault, Joseph Sullivan, Laura Carey, and Keith Parent. The team lost the first round but showed much improvement as they continued. Unfortunately, they lost in the lightning round.

Salvete omnes! After our successful first year, we got right into things by selling Hallograms and watching "The Emperor's Club". We even got to show off our Roman cooking skills when the Spanish exchange students came to one of our meetings. This year has not been easy for us. One of our beloved teachers and advisors, Ms. Erica Schmitt, was killed in a car accident. It was a difficult time but we got through it with the help of our friends and advisor, Ms. Kell. We arranged a beautiful memorial service for Ms. Schmitt and helped establish the Erica Schmitt Scholarship Fund. We started to raise money for the fund by wrapping presents at Barnes and Noble during the holidays. We also held our Ceasar's Choice Drawing and attended CT State Latin Day. We would like to say thank you to Ms. Kell and Mr. Ploss, without whom none of this would be possible.

LATIN CLUB...

2004 SKI CLUB...

The Enfield High Ski Club had an exciting winter season. Every Wednesday after school for five straight weeks, students took busses to Ski Sundown in New Hartford.

The Enfield Figure Skating Team is now in its fourth year. At the Fall River High School Competition the team placed fourth over-all. Our team consists of Ashley Desmond (Captain), Megan Corning from Fermi High School, and Jennifer Berry also from Enfield High. Good luck to the girls next year.

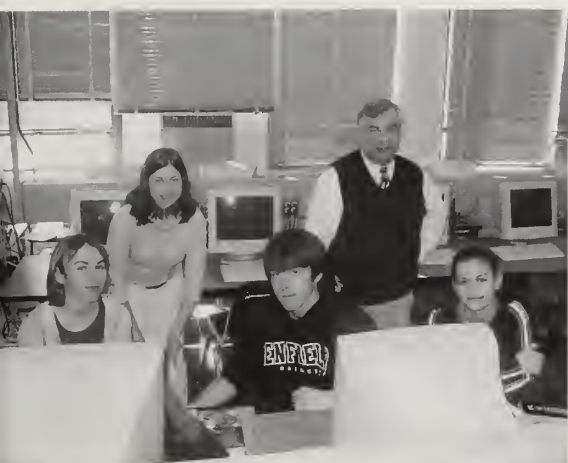

SKATING...

ART CLUB...

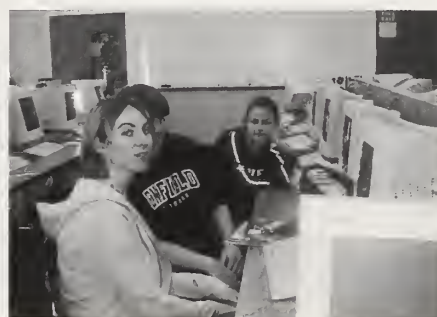

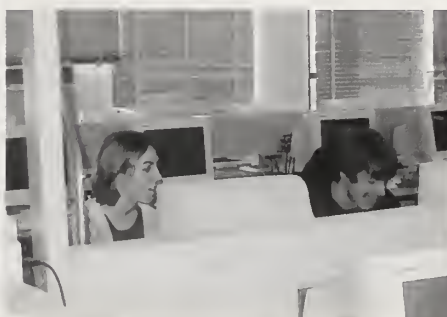

The Science Club strives to provide activities for students who are science-oriented. The club seeks to help students explore career opportunities that they may wish to pursue when they graduate from Enfield High School. To achieve these goals, various activities and programs have been set up for students to explore. For example, club members will participate in programs with DEP, NASA and Mysitc Aquarium. Another goal of the club is to bring in scientists to speak with students about their area of study.

SCIENCE CLUB...

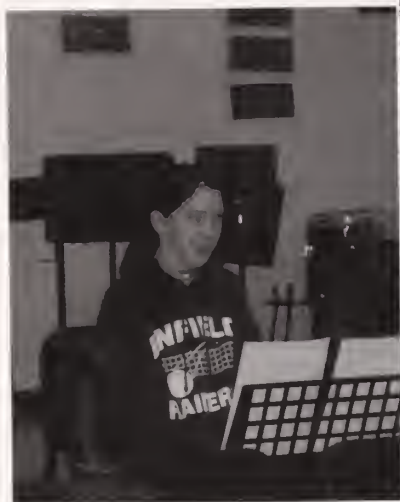

“THE SPEARHEAD PRESS...”

The Enfield High School Newspaper with a new name, the “Spearhead Press,” this year. The editor-in-chief was Dorey Marinone and the co-editor was Joe Sullivan. Jen Barry and Peter Oakes were also a big part of the group. Other members of the staff include Dylan Holden, Sabrina Daly, Amy Mule, Tammy Subia, Nicole Sylvester, Russ Haynes and Caitlyn Barrett. The sponsor and advisor for the newspaper staff was Mr. Senior.

The Enfield High School Class of 2004 is preparing for the Spring Senior Variety Show. The Senior Class officers and faculty advisor, Mr. Hajosy, are constantly there to lend a hand. The Seniors will perform the Variety Show on May 21, 2004 in the Enfield High School Auditorium.

Enfield High School Boys' Basketball State Champions

The Enfield High Boys' Basketball team definitely put Enfield on the map. With an outstanding win against Cromwell in the quarter finals, the boys began to get their hopes up. They then went on to the semi-finals where some members of the team missed their junior prom but once again took a win. Enfield's fans and followers began to grow. It was on Saturday, March 19, 2004, that Enfield High had a close game against Griswold in the State Finals. They had their struggles, but with Jack Griffen there to

lead the team, the boys finished with a 55-45 ten point lead. Fans went crazy, coaches were speechless, and the guys were ecstatic. If any team deserved to win the State Championship it was Enfield. The team consisted of a group of all-around outstanding players, including Matt Luneau, Malakie Berry, Patrick Jubrey, Brian DaSilva and not to mention Senior MVP Jack Griffen. Way to go boys!!!!
